Lauren Mellor

The New York-based model is ahead of the curve

Words by Jason Alexander Basson

'CURVES AND A BOOTY ARE REALLY SEXY' says our favourite healthy-figured home slice, Lauren Mellor. With Lauren as its champion, UK retail brand John Lewis offered the world a new and confident attitude to fuller-figured women looking sexy in swimwear. Years later celebrities like Beyoncé and Kim Kardashian are keeping the cause going. 'I've seen it on the covers and pages of fashion magazines, and it's had a positive influence on younger girls, their confidence and their body image,' says Lauren.
