GROOMING FEATURE

MAN *Maintenance*

A little REPAIRWORK on
the *mind, body and soul* goes
a long a way.

To be successful, one
has to endure the daily
grind. But stress can lead
to crow's feet, dark eye bags,
thinning hair and, sometimes,
several extra inches around the
gut. Never let work take a toll on
your appearance and well-
being — book a spa treatment and fix your
problems. Re-invigorate the body, revitalise
the soul and refresh the skin.
